

Call For Estimate

City Discusses Repair Of Dam

City Councilmen Tuesday discussed means of repairing the ends of the city's dam at Little River with engineer - contractor Frank Perrin.

And they heard a report from J. B. Earle, city public works superintendent, on projects under way in his department.

Perrin advised that the city inquire with the U. S. Army Corps of Engineers about possible rectification of the Little River Channel which is moving away from the well area in front of the dam. And he estimated the most economical method of shoring the ends of the dam was to drive metal shoring with pile driving equipment.

Councilmen voted to ask Perrin for an estimate on the cost to reinforce ends of the approximate 20 - foot intake dam where water is pumped into city lines to the water filtration plant.

Earle reported completion of concrete intersection aprons along E. Fourth St. (US 77) where consistent wear was causing washouts of asphalt paving. City and Texas Highway Dept. worked together in installing the aprons at about eight intersections on E. Fourth St.

He also noted that paving was due on E. Third St. on the north side of the First Methodist Church.

And he said annual fall cleanup and patching of streets were underway throughout the city. Water Supt. Alvin Heft told councilmen of plans to install a sewerline for two customers in West Cameron.

Also approved was a new method of handling cemetery deeds.

And bills were approved for payment.

By F.M.L.

Roger Maris, the Yankee slugger, made a pretty dramatic ending of the 1961 baseball season. He hit his 61st homerun on the last day.

Though he did not officially break Babe Ruth's record of 60 homeruns in 154 games, he did set a modern season record.

It was kind of nostalgic when Ruth's season record was topped. The Babe never went for the fences with any particular intention of setting a homerun mark. He hit well over 300 the year he got the 60. In contrast, Maris hit for the limit most of the season.

102 - 102 - 102

Speaking of baseball, the world series will be starting this week. If the series fever holds true, it will be hard to find much activity around town about noon each day of a series game until it's over.

Most people take baseball or leave it until the series comes along. And then, there's lots of interest in who is going to win all the marbles. And we'll be among them.

102 - 102 - 102

Since we're on sports, we might add a point of view or three on pro football.

If there ever was a day when super stars abound on almost every team, look at the status of the National Football League. Every team has at least one defeat already. And no wonder.

One game last Sunday saw a field goal kicked in the last seconds to win for Baltimore, 34-33. Just a brief minute before, the Minnesota team kicked a field goal to go ahead 33-31 after trailing 21-30 in the last quarter.

102 - 102 - 102

At the National Guard Army this week, Capt. J. T. Terry, commander of Milam's Company C, 3rd Medium Tank Battalion, and his administrative staff were up to their necks in paperwork, getting Company C records ready for activation October 15.

The Company has four tanks, which will be sent to the active duty post, now a subject of question. Capt. Terry noted that the Army Times said this week that the 49th Armored was scheduled to go to Fort Hood.

It has been announced that the 49th was going to Fort Polk, La. Now there is a question, posed by the usually authoritative Army Times article.

\$35 More Given

To Milam RC Fund

For 'Carla' Victims

Two checks totaling \$35 went to the Milam Red Cross hurricane disaster fund this week.

It brought the fund's total to \$285, part of the \$1,288 quota for Milam County established for South Texas Red Cross area.

Coca-Cola Bottling Co., of Cameron, donated \$25 through the Cameron Rotary Club. And E. H. Ross of Cameron donated \$10.

The first Red Cross long-term recovery awards to hurricane families for homes, furnishings and other necessities are being reviewed by Red Cross advisory committees this week, according to H. D. Maxwell, chairman of the Milam Red Cross program.

Several family cases were reviewed last week, the first in Jackson and Refugio Counties, Maxwell reported.

Advisory committees have been appointed in the other 13 affected Texas counties and in four Louisiana parishes. The committees are composed of citizens representing various groups and communities in each county or locality.

Need, not loss, is the basis upon which Red Cross gives help to disaster sufferers, Maxwell said.

Disaster Director Palmer Simpson said the Red Cross does not make loans to disaster sufferers. Its assistance is an outright gift from the American people, with no obligation to repay.

Texas is working toward a million-dollar goal in the hurricane disaster fund drive, Maxwell noted.

Lions Broom Sale

Brings In \$1,019

The Cameron Lions Club Tuesday collected \$1,019 in their annual broom sale, proceeds of which go to the Lions civic and charitable work.

Club president Bill Crockett said that last year the broom sale brought in \$656.40.

Milam Program

American Heritage Boosted

H. D. Maxwell, superintendent of county schools, Wednesday, told Rotarians what his office is doing to establish a program of "American Heritage" in Milam schools.

He showed an eight-point "American Heritage" framed certificate which has been placed in the schoolrooms throughout the county.

Maxwell said Americans, both students and adults, need to know the difference between communism and the American way of life.

MILANO FESTIVAL

Maxwell said that the Milano School festival, this fall will follow an Americanism theme, Maxwell pointed out.

Started by the Bureau of Economic Understanding, of Dallas, the Americanism program began in

FIREFIGHTERS -- Cameron Volunteer Firemen spray water on the smoldering embers of the home of Johnny Jefferson, 85 N. Rusk Friday afternoon.

An oil stove apparently caught the home on fire. Firemen Lewis Wilson, left, Horace Knight, center, and an unidentified man handle the hose. -- Staff photo

5 Guardsmen Report Early As Milam Unit Plans Future

By James Hollas

Five more National Guardsmen from the Cameron unit were placed on active duty last Sunday, according to Capt. James T. Terry, commanding officer of the unit.

The five are Lt. Verner Wunsch of Temple, Sp4 Ladis Dohnalik of Temple, Sgt. Eugene Hubnik of Cameron, Sp4 Bill Cooke of

Rockdale and Sp5 Trine Alvarez of Cameron.

These men are working on records and equipment necessary to put Company C on active duty.

Army Times, an unofficial but authoritative source, said that the call-up of the two National Guard Divisions does not necessarily mean that these two outfits will be ordered overseas. They

are to replace the regular Army units that may be ordered to join the 7th Army in Europe.

49TH TO REPLACE SECOND

The Army Times also said that military planners have pinpointed the 49th to replace the 2nd Armor Division at Fort Hood.

However the 49th will report to Fort Polk for the present.

The reason for calling up the National Guard was to increase the strength of the military in the upcoming talks between Russia and the U. S. October is believed to be the crucial month.

The Times also stated that the Guardsmen would receive rugged training and will be introduced to the most modern equipment and physical fitness will be concentrated on.

Under this program night fighting will be stressed and the Army's new rifle, the M-14 will be introduced.

The physical training program will stress long distance running, crawling and the "dodge and run."

Capt. Terry also announced that a Security Detachment would be organized to operate the armory while the unit was on active duty.

The group of two officers and ten enlisted men will assume the responsibility for caring for the Armory and safeguarding the building and the equipment.

Members should have had prior military service and be former members of the National Guard. Also they should not be subject to Federal Service. This will be an inactive organization.

Terry also announced that Co. C would be under Combat Command B for training. They were formerly under Combat Command A.

NO DEPENDENTS

Guardsmen were advised not to take their families along to Fort Polk at least until suitable quarters can be located. The Army is also telling units that there is a possibility of their being reassigned to other installations shortly after their arrival at Polk.

Fort Polk is located near Leesville and DeRidder, La. Housing on the post is of wooden construction. The climate of the area is moderate. Average temperature is 67 degrees.

Guardsmen are entitled to transportation of dependents and shipment of household goods at government expense like active army men.

The Army plans to use the 49th and the 32nd Infantry Division of Wisconsin in extensive maneuvers and exercises and the two divisions may have to be moved to perform them.

All members of the National Guard will be protected under the Soldiers' and Sailors' Civil Relief Act, which protects the members in civil matters.

The Act does not relieve credit obligations but it temporarily suspends the creditors from using the courts to compel members to pay. But that is only if the court finds that it is the military service that is keeping the guardsmen from paying.

Crowd Expected For Yoe-Taylor Grid Contest

Milam Banks Show \$3.3 Million Gain

Milam County banks reported a \$3.3 million deposit increase over a year ago with Citizens National Bank showing a gain of about \$3.4

millions to lead the reporting banks in Central Texas.

About 20 Central Texas banks reported a drop of \$2 million in deposits while Milam County banks showed increases, except in Rockdale and Thorndale.

Officials at Citizens National attributed the whopping \$3,398,121.29 increase to bigger government deposits and individual deposits over the October 1960, call.

The bank call September 27 was \$12,165,930.13 for Citizens National compared to \$8,767,808.84 in 1960.

First National Bank of Cameron showed an increase of \$82,002.94 in deposits, up from \$4,461,720.87 in 1960 to \$4,543,723.81 September 27.

In Buckholts, the Buckholts State Bank showed an increase from \$821,222.75 in 1960 to the September 27 call of \$837,607.85.

Rockdale and Thorndale banks showed decreases in deposits which Rockdale officials attributed to demands on payrolls.

Rockdale State Bank reported \$5,495,211.57 in the 1961 call, compared to a total of \$5,567,476.24 in the fall of 1960.

Thorndale State Bank reported \$1,246,347.30 in September down from the 1960 fall call of \$1,288,851.32.

Fats Domino Is Customer At City Service Station

Fats Domino, renowned rock and roll singer, paid a short but explicit visit to Cameron Monday evening about 6:45 p. m.

Traveling in a 1962 black and white Cadillac, the large Negro singer stopped at Schiller's Humble Service Station at 301 West 4th St. for a gasoline fillup.

Ernest Bayer, Yoe High School senior, serviced the car.

Besides Domino, three more musicians were accompanying him. Bayer said he thought one of them was B. B. King, another singer.

Dressed in a dark suit, Domino did not get out of the car. Bayer said he used a credit card, with Antwone Domino's name on it in purchasing the gas. (Antwone is Fat's real name).

Domino is expected to make an appearance at the Huntsville State Prison Rodeo some time this month, so teenagers can unpack their autograph books and start hanging around service stations the next two or three weeks.

Mrs. Polzer In Houston Hospital

Mrs. Lawrence Polzer, Cameron native, is in serious condition in a Houston hospital from burns received at her home in Houston Sept. 26.

Houston police believe the explosion may have been caused by gas accumulating between the walls of her apartment.

Mrs. Polzer received third degree burns over 40 per cent of her body. She managed to rescue her two-month-old baby and reach the porch before she collapsed unconscious. The baby was not hurt.

Mrs. Polzer is the former Miss Pat O'Neill, daughter of Mr. and Mrs. Ray O'Neill of Cameron. Her husband is the son of Mr. and Mrs. Steve Polzer of Cameron.

3 Suffer Injuries

In One-Car Wreck

At Intersection

A one car accident late Sunday night at the corner of South College and Harvard Streets injured three and demolished the 1956 Ford according to E. J. Brockenbush, investigating officer.

Guy Wesley Henson, 34, of Rt. 3, Rockdale, was the driver of the car which ran off the road at the curve and crashed into a utility pole. He suffered cuts on the head and bruises.

A front seat passenger, Weldon Gene Henson of Rt. 1, Buckholts, brother of the driver, was taken to the hospital where 32 stitches were taken on a cut in his head. He was released Wednesday morning.

Brockenbush also said that Clifford Andrews, 15, of Rt. 1, Buckholts, lost some teeth in the accident. Ernest Kenneth Andrews, 18, also of Rt. 1, Buckholts, escaped injury.

SCHOOL SENDS

EXTRA TICKETS

FOR DUCK FANS

A capacity crowd is expected tomorrow night for the Cameron Yoemen -- Taylor Duck grid contest at Yoe Field.

Extra tickets have been sent to Taylor in anticipation of a large delegation of Taylor fans coming to Cameron, school officials reported.

Cameron is slated a heads-up favorite after winning four ballgames and tying one thus far this season. Taylor, a powerhouse last year, comes to Cameron with a new coach, Raymond Haas and hope for rebounding from a 3-0 loss to Rockdale last week.

Coach Bill Bates will call on his stalwarts again to put the 1961 Yoe record on the line. Heading his backfield will be fullback Ernest Bayer, halfbacks Amos Doskocil, Craig Wallace and quarterback Jimmy Woodum.

Taylor comes to Cameron this year without the vaunted attack of 1960 that was headed by all-star Budgie Ford.

Last week, Rockdale kicked a field goal to win an upset over the favored Ducks, 3-0.

Taylor lists a 41-man squad with the heaviest players at guard C. L. Carson, 230, at tackle in Bill Kirkpatrick at 220 and Jimmy Welch weighing 195. Listed at 188 pounds is a third tackle, Erwin Isensee.

Cameron played an explosive first-half ballgame against Georgetown last week to win easily, 21-6. Doskocil set up the Yoemen lead with a 59-yard punt return.

Cameron has won four contests: over West, 15-6; over Rogers, 26-6; over Elgin, 27-0; and Georgetown, 21-6. A tie with Rosebud, 14-14 came in the second game of the season.

Births --

To Mr. and Mrs. Senorino Juarez, Rt. 2, Rockdale, a daughter, Felicitas, 7 pounds 15 ounces, Sept. 28 at St. Edwards Hospital.

To Mr. and Mrs. H. L. Caywood, Rt. 2, Rockdale, a daughter, Rebecca Lou, 7 pounds 1 ounce, Sept. 29 at St. Edwards Hospital.

To Mr. and Mrs. Earl W. Spruell, 1003 W. 8th, Freeport, a son, 9 pounds 11 ounces, Oct. 2 at St. Edwards Hospital.

Milam Teachers To

Hear E. L. Galyean

Guest speaker for the first meeting of the Milam County Unit of the Texas State Teachers Association will be E. L. Galyean of Austin.

The meeting will be Monday, 7:30 p. m. in the Milano High School Auditorium.

Galyean has had years of experience in public school work, has served as deputy state superintendent and was Director of School Census and Statistics in the State Department of Education. Since 1950 he has been serving as Director of Research and Records Association.

Planned System Increases Yields For Milam Farms

Many Milam county farmers can boost yields of grain sorghum and cotton by following a well planned conservation system of farming, County Agent J. D. Moore said this week. As an example, he cited results obtained by Ralph W. Baird, project supervisor of the Blacklands Experimental Watershed at Riesel.

Over the past 10 years, Baird averaged 170 pounds of lint cotton per acre where no conservation measures were used. During the same period which included several drought years, he averaged 296 pounds of lint per acre with a conservation system, while yields of sorghum grain increased 1,500 pounds per acre.

Baird's conservation system is relatively simple and could be easily adopted by most local farmers, Moore said. His first step was to convert land unsuited for cultivation to permanent pasture. Then he terraced sloping cropland and started a 3-year rotation. His favorite rotation is cotton the first year, grain sorghum the second and a combination of oats and madrid clover the third year. "A complete soil and water conservation plan developed with the local soil conservation district is a good place to start, if you want to increase your yields," Moore suggested. "You can't stay in business if you don't keep your soil at home!"

AUCTION REPORT

A total of 558 cattle were consigned to the Cameron Livestock Auction Thursday. Hogs numbered 161.

Prices were:

STEERS		
Good & Choice Fed Steers		
And Yearlings	21.50	22.50
Common to Medium	19.50	21.00
COWS		
Fat Cows	14.50	16.00
Canners and Cutters	10.00	12.50
Stocker Cows	14.00	19.00
BULLS	16.50	19.50
CALVES		
Good & Choice Slaughter		
Calves	23.00	24.90
Common and Medium		
Kinders	21.00	22.50
Culls	18.00	Down
Good & Choice Stocker		
Steer Calves		None
Heifers	22.50	25.00
Medium to Good Stocker & Feeder Steers	19.50	21.00
COWS AND CALVES		
Good	185.00	225.00
Medium	145.00	165.00
Plain	125.00	135.00
HOGS		
No. 1 to 3 grade tops:		
200 to 250 lbs.	18.70	19.40
Heavy Butchers		
275 to 415 lbs.	16.29	18.50
Light butchers		
145 to 190 lbs.	16.00	18.80
Sows (all classes)		
335 to 600 lbs.	15.30	16.70

Stags		13.00
Feeders (40-125 lbs.)	12.00	20.00

FARM RODENTS

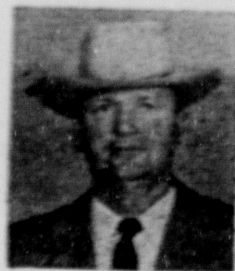

An oversupply of rats and mice around the farmstead during the fall months is not necessarily undesirable. It simply means the rodents have come in from the fields as the crops were harvested.

HOME GARDENERS

Are you a home gardener? If so, get a copy of MP - 513, "Greenhouses for Texas Gardeners." Your county agent has them.

County Agents Notes

Farm Fish Pond Management

By J. D. Moore
Milam County Agent

Because of the large number of high quality fish delivered last week to Milam county farm ponds, emphasis should be placed on fish pond management.

Fish Food Supply - To produce a maximum number of large, healthy fish in the shortest time, a pond must have an adequate fish food supply throughout the year. Nature answer to this problem is a food chain which begins with microscopic plant and animal life called "plankton" or "bloom". Plankton is the food supply for small fish and the next link in the food chain is water insects and other organisms upon which small fish feed. With sufficient foods, the small fish develop into large fish or provide an abundant supply of food for larger fish already present.

Plankton must have fertile water to be abundant. Water draining

into ponds from fertile watersheds sometimes supplies sufficient plant foods for plankton growth. However, ponds usually must be fertilized for maximum fish production just as cropland must be fertilized for maximum crop production.

If the pond is new, often it is wise to begin fertilization before fish are stocked. Thus, an abundant food supply will be available upon delivery of the young fish. Inorganic commercial fertilizers recommended for agricultural use in a particular locality make good fertilizers for the pond. If the pond watershed is not fertilized, the application rate normally varies from 300 to 800 lbs per acre for each surface acre of water.

Organic fertilizers, such as barnyard manure, can be used alone or in combination with inorganic fertilizers at the rate of 500 lbs to 1 ton per surface acre of water per year. The higher rates are applied only when organic fertilizers are used and the lower rates when applied in combination with inorganic fertilizers. Cottonseed meal or soybean meal may be used under the same conditions at the rate of 400 to 800 lbs per surface acre per year. If a pond is muddy, the use of organic fertilizers usually will help clear the water of suspended soil particles. After the water clears, inorganic fertilizers may

be used.

The proper method of fertilizing is to estimate the total amount of fertilizer needed for the pond, according to the suggestions given, and add about half this amount to the water in the first application. The increase of plankton resulting from the first application should give the water a "soupy" appearance with a green or brown hue. Divide the remaining half of the fertilizer into three to five applications. The amount of fertilizer and time of subsequent applications should be determined by observing the plankton bloom. If a person's cupped hand disappears from view when the arm is immersed to elbow depth (about 18 inches), the plankton bloom is sufficient. If the cupped hand is visible, another fertilizer application should be made. Add only enough fertilizer to obtain again the proper plankton bloom.

Fertilizing time in the northern part of Texas is March 1 - June 1. Fertilizer application after June 1 is hazardous because it likely will deplete so much oxygen in the water that the fish will die.

Fertilizer should be distributed evenly over the pond surface in the shallow water, including all water up to about 3 feet. It can be broadcast from the banks or from a boat.

REPORTABLE DISEASES

Reportable diseases in Milam County for the week ending September 30, 1961 were 14 strep throat and three gonorrhea, according to Dr. T. E. Crump acting director of the Milam County Health Department.

49,000 Dove Bagged During 3-Day Hunt

Austin — White-winged dove hunters bagged approximately 49,000 whitewings during the recent hunt Sept. 8, 9, and 10, according to reports coming in from biologists in the hunt area. A. J. Springs, wildlife coordinator for the Game and Fish Commission, said the hunt was better than had been expected just before the season opened. Mourning doves were plentiful and there were enough whitewings for a good hunt.

The average kill per hunter day was 4.66 whitewings and 4.57 mourning doves, for an average bag of 9.23 birds per hunter per day. The low whitewing hunting success was the result of an early departure of the bulk of the dove population from the lower Rio Grande Valley, according to Springs. The bad weather caused by Carla also had a depressing effect on the whitewing kill.

Response to the unmanned roadside hunter check stations was quite low, with only 4,960 whitewings being turned in for analysis by the Game and Fish Commission biologists. From this number, it was determined that 68.7 per cent of the total whitewing kill consisted of young birds, an age ratio of one adult to 2.19 young.

Biologists and wardens estimated that there were approximately 10,500 hunters in the field during the season, in comparison to 9,300 during 1960. Along with the whitewings, some 48,000 mourning doves were harvested.

Proper Feeding Important For Calf Profits

COLLEGE STATION — Drylot feeding of calves weighing from 250 to 400 pounds requires a much better understanding of feeding principles than does the feeding of heavier ones. It takes a better ration to achieve the desired results in the lighter animals because they do not have their mother's milk to balance their diet.

In the first place, their stomachs will not hold as much as those of heavier calves so the small amount of feed they do consume must contain enough nutrients to satisfy their needs, explains U. D. Thompson, extension animal husbandman. Due to their small size, they have a small storage capacity for even those nutrients which they can hold in reserve in their bodies.

As an example of this storage capacity, consider vitamin A. If cattle have an adequate supply of these vitamins, they store the excess in their body fat and livers. As long as they have access to green grazing they get their vitamin A. When no green grazing is available, they use their stored supply to satisfy their needs. Here is where a calf's needs are taken care of by milk. When this calf is weaned and placed on drylot, he must be supplied these nutrients in his ration. In 250 - 400 pound calves vitamin A deficiency can develop within 45 to 60 days unless the ration takes care of his needs.

Either leafy green alfalfa hay, alfalfa leaf meal or pellets are good sources of vitamin A, says Thompson. Calves nearly always do better on rations which contain alfalfa than on those which do not, he continues. Also, commercial syn-

Officers Elected At 4-H Club Meeting

The County Wide 4-H Club met Saturday at the Milam County Farm Bureau office.

At this meeting the following senior officers were elected: President Martin Jistel; vice president Jo Ann Hollas; Secretary, Carolyn Jistel; Treasurer, Ronald Kostroun; Reporter, Donna DuBois; Council delegate Linda Tucker and Song Leader, LaNell Moraw.

Junior Officers elected include the following: President, Madeline McClaren; vice president Brent Laywell; Secretary, David McClaren; Reporter, Ellen Lackey; Song Leader, Melvin Hollas and Council delegate Leon Hollas.

thetic vitamin A preparations are now available for mixing in rations. These may be used if good alfalfa is unavailable or expensive.

Ben Arnold Mrs. Rice Hosts Houston Guests Over Weekend

By Mrs. A. T. Swanzy
James Rice, Mr. and Mrs. J. C. Wheeler and daughters of Houston visited Mrs. Virginia Rice and family last weekend.

Mr. and Mrs. Sonny Dornier are the happy parents of a baby girl, born at Halbert Hospital in Rosebud Sunday afternoon. The baby weighed 8 lbs. 13 oz. She is welcomed also by two sisters and three brothers. Grandparents are Mr. and Mrs. Herman Dornier Sr. and Mr. and Mrs. M. D. Swanzy all of Burlington.

Mrs. L. A. Swanzy is visiting in the home of Mr. and Mrs. T. J. Prater of Heidenheimer to help welcome the new daughter. Also extending a welcome to the baby are five brothers and a sister.

Mrs. Hilda Pimpler visited Mr. and Mrs. Don Obermiller and family in Temple last week, while Mrs. Obermiller and children were ill.

Mr. and Mrs. Herman Dornier; Mr. and Mrs. Walter Strickler visited Mr. and Mrs. Lee Hall of Buckholts on Friday.

Mrs. Walter Strickler, Mrs. Alvin Weige, Mrs. Lee Geringross and Mrs. Hanke enjoyed quilting at the home of Mrs. Herman Dornier last Thursday.

Mrs. M. D. Swanzy, Mrs. Robert Lee Schuetz, Brenda and Karen spent Tuesday in the home of Mr. and Mrs. Leon Noack of Rockdale.

Mr. and Mrs. Sonny Swanzy, Don and Joy were Sunday night guests of Mr. and Mrs. Shep Price of Hanover.

Rev. and Mrs. Gerald Cobb and family have moved from Ben Arnold to the state of Indiana.

Mr. and Mrs. C. A. Eickenhorst visited in the R. B. Eickenhorst home in South Elm on Sunday.

Sharp Austin Minister Holds Services Here Sunday

By Mrs. Florence Spiegel
Dr. Fred Brooks of Austin held church services at the Presbyterian church Sunday morning. He will preach on the first Sunday in each month during the fall, winter and spring months.

Ronnie Caffey and two friends of Houston visited in the R. F. Lindhorst and Lenna Caffey homes Sunday.

Mr. and Mrs. Tommie Romines, Miss Asta Rinn and Mrs. Annie Hodge were here from Houston for a weekend visit with their mother, Mrs. E. J. Rinn and family.

Mr. and Mrs. V. M. Mitcham of Clute are visiting his brother-in-law and sister, the Jim Cryers.

Mr. and Mrs. W. E. Brown, Ronnie and Lane of Belton spent Saturday with her parents, Mr. and Mrs. Charlie Duncan. Sunday guests in the Duncan home were Dr. and Mrs. Fred Brooks of Austin and Mr. and Mrs. Roland Lawson and daughters of Rockdale.

Mr. and Mrs. Kenneth Springer, Jamie and Faith of Rogers spent Sunday with their parents Mr. and Mrs. Oscar Meeck.

Mrs. Paul Graves returned home Sunday from the Johns Hospital in Taylor, where she was a patient.

Tracy Clyde Caffey Home For Visit

By Mrs. Florence Spiegel

Mr. and Mrs. John Allen Culp and children, Frances and Don of Temple were weekend guests of their family the Otis Charles.

Mr. and Mrs. W. E. Roe of Fort Worth were weekend guests of Mr. and Mrs. George Young.

Milano Post Master For Milano Area Mrs. Yoakum Named Acting

Mrs. Annie Lee Yoakum was installed as acting post master at Milano Friday by postal inspector R. H. Irvine of Austin. Mrs. Yoakum takes the place of John D. Yoakum who has transferred to rural carrier on Rt. one Milano. Yoakum was installed as post master May 15, 1961.

Miss Jane Pratt of Austin visited in the home of her parents Mr. and Mrs. David Pratt Sunday.

Mrs. J. D. Lagrove, Mrs. Ruth Baggett and Mrs. Gertrude Glover and Mrs. James Henderson went to Temple Thursday to attend WMU workshop at the First Baptist Church there. They stated they received a lot of good information and had a nice day.

A birthday dinner given in the home of Mr. and Mrs. J. T. Downey Sunday honoring Downey was enjoyed by his two daughters, Mr. and Mrs. Buddie Wilson and family and Mr. and Mrs. Roy Little and family of Groesbeck. Mr. and Mrs. J. D. Lagrove, Roy and Mrs. Jim Barnett of Caldwell Mr. and Mrs. Roy Whitely and family.

Guests in the home of Mr. and Mrs. R. J. Stewart over the weekend were their son Mr. and Mrs. Robert Southern and their two children Michell and Bobbie Gale of Arcida.

Mr. and Mrs. Jeff Morgan Jr. and baby of Greenville were visitors in the home of his parents

Mr. and Mrs. Jeff Morgan and family over the weekend.

Mrs. Curtis Miller has returned home from the Hearne Hospital where she spent several days last week.

Miss Carrel Leatherwood who is attending Mary Hardin Baylor College in Belton visited her mother Mrs. Beatrice Leatherwood and family over the weekend.

Mr. and Mrs. Clarence Sims were guests of their parents Mr. and Mrs. Charlie Sims and Mr. and Mrs. L. E. Ferguson over the weekend.

Visiting in the home of Mr. and Mrs. F. B. Burks over the weekend were Mr. and Mrs. F. F. Merritt and their daughter Mr. and Mrs. Clovis Harbor and children of Dallas and Henry Burks of Austin.

Mr. and Mrs. Jimmie Pratt of Austin were guests over the weekend in the home of their parents Mr. and Mrs. Barnett Devall and Mr. and Mrs. David Pratt.

Mr. and Mrs. D. M. Westbrook accompanied by Mrs. T. C. Westbrook went to Bay City Sunday where they visited in the home of Mr. and Mrs. Tom Rowland and family. Mrs. T. E. Westbrook remained for a few days visit.

The Friend Ship new Baptist Church near Christman is under construction. They are making good progress. Volunteer workers have responded nicely.

and Mrs. O. T. Bankston Mr. and Mrs. Marcas Bankston and Mrs. Jessie Bankston attended church at the Live Oak Church of Christ Sunday morning. Mr. and Mrs. O. T. Bankston also visited in the home of Mr. and Mrs. Ray Wilhelm and family in Bryan Sunday afternoon.

The 24th annual Letter Writing Week is being celebrated in Milano during the week of October 1-7 it was announced by post master, Mrs. A. L. Yoakum.

Mrs. Yoakum noted that a letter "is the most economical and personal way to extend greetings, communicate social news and exchange ideas." During letter writing week post master Yoakum suggested that you write at least two letters: one to a friend or relative from whom you have not heard in a long time and the second as a reply.

to a friend or relative who recently wrote you. She also urged correspondence to people in other countries as a means of promoting greater understanding among the people of different nations.

The Slogan of this years event, as indicated on more than 200,000 banners, is "Letters are links to Friendship." The display materials will appear on post office bulletin boards, and rural carriers vehicles as well as in various schools and libraries.

OCTOBER FOODS

October is going to be a good month for people who like to eat. According to the USDA's official plentiful foods list, apples, potatoes, broiler, fryers, cheese, rice, turkeys, beef, cranberries and vegetables will all be available in abundance to the October shopper.

Clarkson Homecoming Set For October 8 In Clarkson

Sunday October 8 is the date for the Clarkson Homecoming and Cemetery Association. Come and bring a basket lunch and enjoy the day with old friends. Rev. Miles B. Hays, a former pastor, will be the speaker.

Mr. and Mrs. Perry Strickler of Round Rock visited her mother Mrs. William Kohring recently.

Donald Wayne and James Ernst of Dallas visited here recently with their mother Mrs. Leon Ernst and Leslie, and in Galveston with their father Leon Ernst and Leon Jr. who's condition remains about the same as it has been for some time.

Mr. and Mrs. Nelson Kohring of Dallas spent last weekend with Mr. and Mrs. Alfred Kohring.

Mr. and Mrs. Jack Briggs and children and Ricky Papalidodis of Ft. Worth spent the past weekend with her mother, Mrs. V. D. Dodd. Sunday guests in this home were Mr. and Mrs. Clarence Dodd and sons of Austin, Mrs. Murphee Tyson of Maysfield, and Mr. and Mrs. Alvin Dodd and sons of Walkers Creek.

Miss Annette Dodd who attends college at Brownwood spent the weekend with her parents Mr. and Mrs. George Dodd, Glen, Lonnie, Ricky and Karen.

Mr. and Mrs. W. B. Burnett of Jones Prairie were visitors of Mr. and Mrs. Dewey Black Sunday afternoon.

Tire Dealers Told Of Oct. 16 Deadline

Tire dealers were reminded today of the October 16 deadline to report and pay their Federal floor stocks tax.

District Director of Internal Revenue R. L. Phinney of Austin recalled that this is the tax passed into law effective July 1, 1961 and placed on highway type tires, inner tubes (except bicycle tires and tubes) and tread rubber held by wholesalers, jobbers, distributors and retailers as of that date.

Floor stocks tax returns should be prepared on Form 3174 and together with the tax payment, sent to the Internal Revenue District in which the taxpayer's principal business is located.

Forms 3174 and instructions are available in all IRS offices.

ternoon.

Mrs. Lawrence Kostroun and Johnny of Temple are visiting her parents Mr. and Mrs. Otto Mayer. Jerry and Terry. Her husband will join her here in a few days. He will be leaving in October for Ft. Folk, La. where he will be with the National Guard to be stationed there.

TDPS In Need Of Young Career Men

WACO — "The Texas Department of Public Safety still has an ever present need for young men who are interested in Law Enforcement as a career," Major W. J. Elliott said today.

Maj. Elliott, Commander of the Department's 46 county Waco Region, announced the deadline of October 20 for applicants who desire to take the next entrance examination.

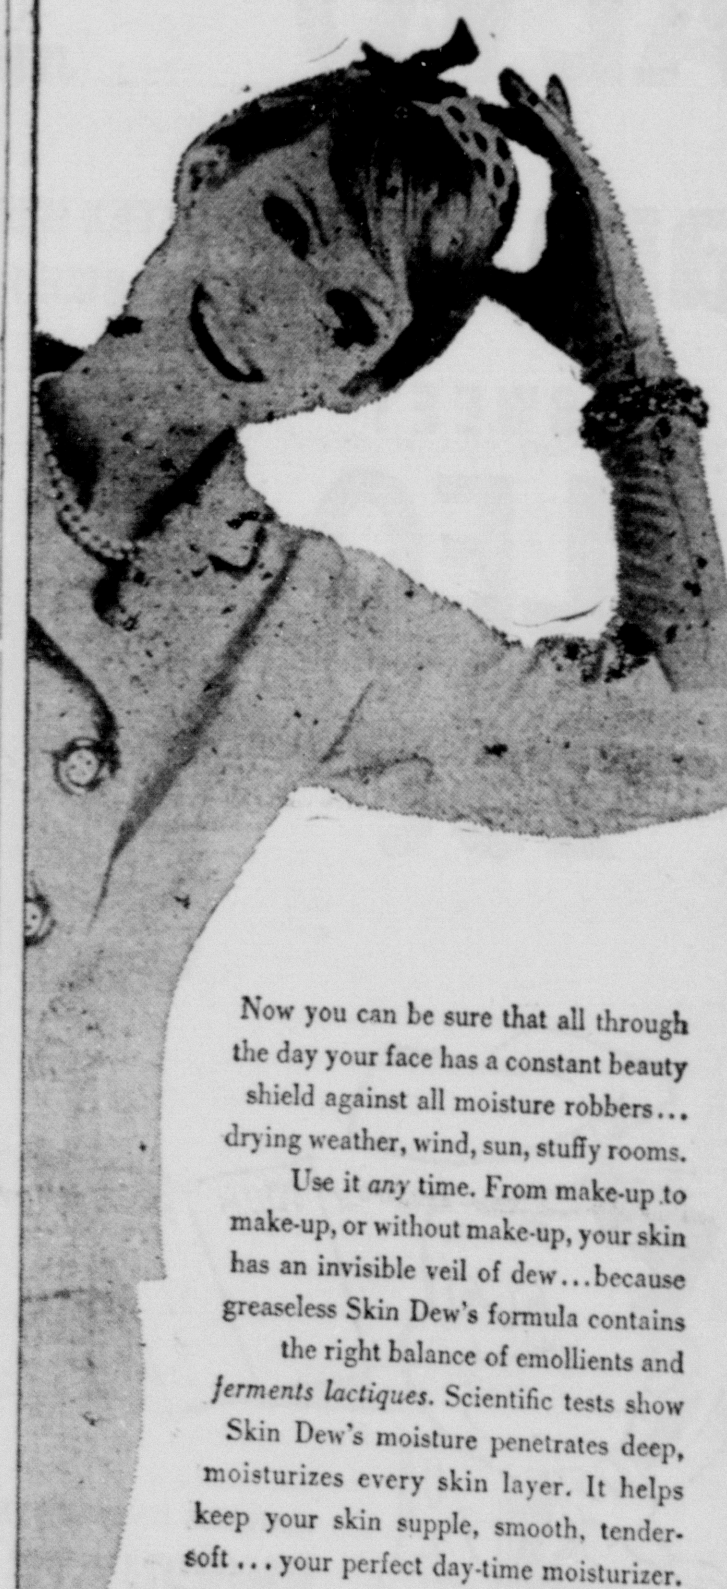

The examinations to select recruit patrolmen will be given in Waco on October 24 and in Austin on October 25. Young men between the ages of 21 and 35 and who can meet the other qualifications should contact the nearest Department of Public Safety office for an application, if interested.

Additional information may be obtained by writing to the Texas Department of Public Safety, Box 4067, North Austin Station, Austin.

Mr. and Mrs. Fred Varva and Mr. and Mrs. Frank Mueck and Mr. and Mrs. Edward Bishop of Houston spent the weekend with their parents Mr. and Mrs. Will Bishop and Mr. and Mrs. Hrozek.

Long Runs Highlight Friday's Game I Give You Texas

Doskocil Leads Yoe To Win

Yoemen Clip Eagles 21-6 For Fourth Win Of Season

A Rowdy first half and an angry Amos Doskocil enabled the Fighting Yoemen to topple Georgetown's Eagles, 21-6 last Friday night at Eagle Field.

Doskocil, 150 pound Junior half-back, scored three first half touchdowns despite a severe cleat injury received in his right leg on the game's opening play from scrimmage.

After manager's taped his bleeding leg, Doskocil returned to the lineups and scored the Yoemen's first six points on a 55 yard punt return. Two minutes later he plunged off right guard for another six points, giving the Yoemen a 15-0 first quarter advantage.

The Yoemen's third and final TD came seconds after the second quarter got underway. The TD climaxed a Yoemen drive that started on the 38. Doskocil carried over from the 19 yardline on a sweeping left end run.

Georgetown struck paydirt midway through the second quarter when Jim Kauffman hit Jimmy Holcomb with a 4 yard pass. Kauffman was stopped cold in his attempt to run over the two extra points.

Ernie Bayer gained a total of 84 yards rushing for the Yoemen and accounted for the 2 extra points on the games first score.

Doskocil totaled 64 yards and Craig Wallace 52.

Sophomore Ronnie McWilliams kicked good the extra point following Doskocil's second tally.

The Yoemen defense attack was centered around one man, the Eagle's Jim Kauffman, the 185 halfback garnered 55 yards rushing and was taken out of the game once by hard - hitting Yoemen.

Stanley Kirk, Bobby Hillman, Eugene Schattler, Bayer and Doskocil were the key figures in Cameron's defensive wall.

The only Yoe pass interception was made by Thomas Leonard in the third quarter. He caught the ball on the 40 and ran it back to the 26 yardline. Cameron lost the ball on downs at the Eagle 15 yardline.

FIRST QUARTER

Georgetown received the opening kickoff and returned it as far as their own 22 yardline. Clyde Reeder, Kauffman, and Holcomb got to the 28 before punting 27 yards to Cameron's 45 yardline.

Doskocil caught the punt return on the run and went up the right sideline like an enraged lion going after dinner; all the way to the goal, 55 yards away and 6 points richer. Bayer went around end for the two extra points.

The Eagles fumbled the pigskin on the kickoff play due to hard hitting Yoemen tacklers and Cameron found themselves in possession on the Georgetown 18.

Doskocil carried twice, for 3 and 9 yard gains. Bayer picked up 3. Doskocil then plunged off right guard for the second touchdowns in two minutes. Ronald McWilliams kicked good the extra point.

Georgetown took the kickoff on their own 20. Holcomb picked up 8. Reeder 3, a pass went incomplete, and a 5 yard penalty put the Eagles deep in their own territory.

Kauffman came through tiwh flying colors however. He hit Holcomb with a toss that went 18 yards. Another 15 yard penalty and 10 yard loss put the Eagles in trouble again. A quick kick went for 38 yards.

SECOND QUARTER

Doskocil picked up 9, Bayer 7, 5, and 10 to Give Cameron a first down on the Eagles 33 yardline. Bayer carried 3 more times for 12 yards.

Doskocil broke away from tacklers and blockers from the 19 and raced inward for the touchdown. His try to run over the two extra points failed.

The Eagles took the kickoff and drove to their own 47 yardline before punting for 33 yards to Cameron's 20. Wallace earned the punt back 23 yards to Cameron's 38.

Georgetown's Isaias Almazan in-

tercepted a Yoemen pass on the third play from scrimmage and the Eagles took control on the Cameron 18 yardline.

Two passes went incomplete, Kauffman got 11 and 4, anotherpass missed. Reeder picked up a yard, setting the stage for Georgetown's only 6 points. Kauffman tossed a short 4 yarder to Holcomb for the touchdown. Kauffman was filed in his bid to run over the PAT.

The ball changed hands twice in the first half's remaining minutes with no real yardage picked up by either squad.

THIRD QUARTER

Cameron received the second half opening kickoff. Doskocil got 2, Bayer 7, 8 and 2 from the line of scrimmage, and Doskocil got another 3. A 15 yard penalty against the Yoe put them on the 49. A pass went incomplete and another 15 yard penalty gave Cameron the ball on the 30. James Anderle booted 30 yards to the Georgetown 42.

Leonard intercepted an Eagle pass on the first play from scrimmage and carried to the Cameron 26 yardline. Doskocil, Bayer and Wallace alternated in carrying before losing out on downs.

The Eagles chose to punt on a fourth down situation. Rushing Yoemen blocked the kick and Cameron took over on the Georgetown 38. Bayer got 2, Walston 0, and Bayer 2. Anderle punted 32 yards, the ball rolling dead on the Georgetown 2 yardline.

Kauffman was thrown for 2 three yard losses on the next series of plays. Amazon picked up 9 and 3 and Kauffman broke away for one yard dash. A fourth down punt was good for 19 yards.

Cameron took possession on the 20. Bayer got 2, 4, and 18. Doskocil got 1. Wallace 11, 13, 7, and lost 4. Mayer picked up a yard and a Yoemen fumble gave the Eagles the ball, too late to make any yardage. Final score, Yoemen 21, Eagles, 6.

Buckholts Begins District Play With Turnerville

The Buckholts Badgers square off against Turnerville at 7:30 p. m. tonight in Buckholts in 10B grid play this season.

"This is the one that counts," Coach Lester Hanke told his 12 Badgers who play six - man ball. Hanke, in his first year as Buckholts head coach, took a dim view of pre - season predictions ranking the Badgers and Ogalsby as district favorites.

"In so far as I am concerned there isn't another team in the district but Turnerville at the moment," the coach said.

Assistant Coach Jimmy Hauk, who has been doing a large share of Badger scouting this season, said a "wide open game" can be expected from the Buffalos who will be throwing in all the tricks in the bag to upset Badger hopes of victory.

Meanwhile Bobby Malovets continued to move well on the practice field, slashing his way through would be tacklers in an intra-squad game last Friday.

Malovets is leading Badger scorer. But don't count out Jack Ruzicka and the forward pass. Jack has a way of doing things by threes, like having three TD passes in the Jarrell contest.

After a two week lay off, climaxed by 46 - 25 victory over Normangee, the Badgers with a three-one win - loss record, look especially strong in the end position with Buddy Inge and Leland Jones tucking in those forward heaves by Big Jack

Inge can wrap one hand around a pleskin with ease.

Pat Wallace and Leonard Fritz fast moving youngsters who have seen plenty of action this season in relief roles can be considered another treat of the Blanchard Davis style.

Wallace likes to run the inside plays with Fritz going wide for the outside and big hunks of yardage. Gerald Bales, Dicky Jones and Lawrence Hanke will give the Badger forward wall the extra lunge of prevention defense that could mean the difference between a win or loss.

Mrs. Tillie Richards and Georgia Lee spent Tuesday and Wednesday in Chriesman visiting her sister Mrs. Ema Ewell and Miss Ruth Eanes and brother John Everette.

AROUND END -- Amos Doskocil, No. 33, fleet Yoemen halfback takes off a-round end for a nice gain against the Georgetown Eagles in a game played

last Friday. The Yoemen won the game 21-6 with three quick touchdowns in the first half. Doskocil scored all three touchdowns for the Yoemen. -- Saffoto

CAMERON HERALD

VIEW ON SPORTS

— WITH ROBERT MANN —

History claims the James brothers. Cameron claims the Hillman brothers.

Since 1956 a Hillman has played a prominent roll in the making of a Yoemen football team.

In 1956-57, it was Gene, 205 pound tackle. Rated all - district in 57 and awarded a scholarship to Baylor. Gene dropped out of college due to a shoulder injury that plagued him throughout his high school days.

Now it is Bobby Hillman, 175 pound senior, listed as a starter since last fall. Injury - ridden through high school, Bobby is just coming into his own.

He missed his entire freshman year due to broken jaws received in a automobile accident in 1953. During last year's baseball season he tripped over a concrete roller and was on crutches for two weeks.

A younger brother still, Larry, 180 pound sophomore, crushed his foot late this summer to prevent him from participating in football.

Bobby is probably the most consistent tackle Billy Bates has.

Jimmy Cowan, Ace Rogers quarterback, put it this way in discussing the Rogers - Cameron game played three weeks ago, "I could have gone all the way several times, but Hillman was always there. We couldn't block or sidestep him."

VOS
A six - foot bean pole in the Middle - West was made all - collegiate basketball honor roll but floundered desperately in the classroom.
"My boy won his fourth letter this winter," boasted his coach.
"Humph," shorted his faculty advisor, "I'll bet you had to read it to him."

Six Reach Third Round In Annual Club Tournament

Six players were second - round winners in the annual Cameron Country Club championship over the weekend.

Two other second - round matches were to be played. Advancing to third - round matches in the championship flight were: Jimmie Wiggs, Hal Franklin, E. E. Darby, Chili Manning, W. C. Wallace and John Franklin.

In the women's competition, Amy Ford and Carolyn Smith were due to play off a round as winners of the first and second flights. Elaine Jones is third flight winner. Mrs. Ford won over Esther Manning and Carolyn Smith defeated June Goley in earlier matches.

Weekend matches and winners in the championship flight were:
SECOND ROUND — Wiggs over J. D. Miller, Franklin over Dr. Gus Evans, Darby over Mollie Burke, Manning over M. C. Ponder, Wallace over Jack DuBois and John Franklin over Andrew Esslinger.
FIRST ROUND — Bartow Jackson over Jimmie Jones, Dr. C. G. Swift over Johnnie Smith, Joe Vlah over Franklin Dusek, Dickie Ponder over George Fall, J. D. Miller over Lee Marek, Jimmie Wiggs over Dr. S. H. Richardson, Hal Franklin over Ed Manning, Gus Evans over Richard Burke.
And, E. E. Darby over Jimmie Self, Mollie Burke over Dr. H. V. Halbert, Chili Manning over Tom Moody, M. C. Ponder over T. A. Crittenden (default), W. C. Wallace over Charlie Burke, Jack DuBois over Earl Curtis, John Franklin over Carroll Henry.

Yoemen Tabbed Favorites For Taylor Tilt Fri.

For the first time in several years the Cameron Yoemen will be tabbed favorites prior to a Yoemen - Taylor Duck gridiron tilt.

The Yoemen play host to the Ducks at Yoe High Stadium tomorrow night. The Yoemen will be seeking their fifth victory of the season.

The Ducks are recovering from a 3-0 upset Rockdale handed them last week.

Taylor's only strong points rests with linemen. Ends Douglas Ruthen and Jimmy Kince both sport size and pass receiving abilities. Tackles Elton Berry and Jimmy Welch, both returning lettermen. Center Jackie Menn is the only remaining starter who has earned a letter prior to this year.

Roger Youngblood and Charles Patterson will man the halfback positions and Kelly Marek is the number one quarterback.

Without the helping hands of last year's Budgie Ford and Jan Mohel the Ducks appear to be a beaten team, but with the rain earlier this week and a possibly damp gridiron, anything can happen, and usually does when these two squads meet.

Pat Neff was, perhaps, the last of the Texas orators in the grand tradition.

He was tall and handsome, with features like those of a Roman senator - a toga would have been perfectly appropriate for him. He had an impressive manner, a deliberate form of utterance, his sentences were long, his diction elevated.

Th efirst time I heard him speak he was governor and the occasion was the laying of the cornerstone of Texas Tech. His rhetoric was worthy of Cicero. The next time, he spoke in the open air at the summer commencement at T. C. U. sometime after his second term as governor. Still another speech I recall was the State Democratic convention in Austin in the 1940's. He was then close to 70. His form was as straight, his voice as clear and his command of languages as great as ever. He spoke for half an hour, making what was easily the best address of the convention.

Afterward, reporters asked for a copy of his speech. He replied that there was none and pointed to a small card on which there were a few notes.

Death some time ago, claimed a long - time friend of mine - Clyde Garrett, who served as Eastland city manager, as county judge and as Congressman.

When he was making his first race for Congress, he called at my office in Fort Worth where I was publicity director of the original Casa Manana. Vice Presi-

dent Garner was to attend the show that night and Judge Garrett hoped that I could arrange for him to meet the vice president but Garrett's opponent was then a Congressman and the official in charge of the tour bawled me out for making such a suggestion. (It so happened too that the incumbent had named a relative of his as a postmaster).

His violent reaction so antagonized me - plus the desire to try to help my friend - that I arranged for a photo of Judge Garrett being pushed in one of the picturesque little sight - seeing carts by another county judge; also the suggestion was made that, when the vice president entered the gate, Judge Garrett be in the crowd and join in the applause. Then the next day the papers carried the picture and said that Judge Garrett was on hand to "join in welcoming" Garner.

Clyde Garrett was in Eastland County when oil was discovered and he made a fortune which was swept away then the boom collapsed. But he did not let the experience banish his smile or vanquish his spirit but went on to a career of distinguished public service. He was capable and conscientious - a genial gentleman.

Card of thanks

Our sincere appreciation to the many friends for their kindness and thoughtfulness for the flowers and expressions of sympathy for our beloved wife and mother, Mrs. Ola Mae Bridgewater.

Creel Bridgewater and children.

Anite Archer and friend Peggy Hodson of Corpus Christi spent the weekend with her parents Mr. and Mrs. Bennie Archer. Anita is teaching speech and drama at Baker Junior High in Corpus Christi.

Joyce Hannon Is Named Secretary For TJC Class

Miss Joyce Hannon, daughter of Mr. and Mrs. V. J. Hannon of Cameron, and a 1960 graduate of Yoe High School, has been elected secretary of the sophomore class at Temple Junior College.

Joyce is attending Temple Junior College on a speech scholarship. She is a member of the College Players, and was in the production of "Our Town" last year.

She represented the college in duo - drama at the Texas State Junior College Speech Meet in Big Springs. She was elected to Who's Who and is a library assistant in the college library.

Prescott Named

To Directorship

Jack Prescott, Milani county-district attorney, has been elected one of four new directors of the Texas Prosecuting Attorneys' Association.

He was elected to the two - year term during the three - day meeting of the state attorney - general's Law Enforcement Conference Sept. 28 - 30 in Austin.

The conference included speeches by noted law enforcement officials and a panel discussion on aspects of parole and special training schools.

Civics Club Elects

Newspaper Staff

The St. Anthony Civics Club held its first meeting Friday with Irene Mayer presiding. Thirty-five members attended.

The group elected to publish a monthly paper and named the following staff: Judy Richter, editor; Sandra Barta, asst. editor; Gwendolyn Jistel, reporter; Dianne McLerran and Randy McLerran, artists.

Mrs. Stedman Hosts

History Club Meet

Mrs. Hilry Stedman was hostess for the first meeting of the Cameron History Club recently.

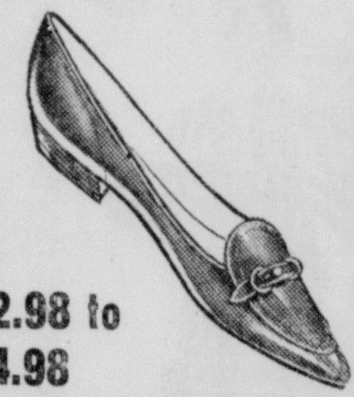

Mrs. S. M. Harrell, president, presented Mrs. Graham Gillis who reviewed the year books with this year's theme, "Man's New World."

"America's Next 20 Years" was the program topic which was given by Mrs. K. K. Robbins.

Mrs. J. J. Heitman was a guest at this meeting.

DECLARES FPW -- Gov. Price Daniel signs a proclamation proclaiming the week of October 8-14 Fire Prevention Week. It is being recognized in Cameron with a fire prevention poster contest. Vernon B. Rucker of Killeen, President

of the Firemen's and Fire Marshall's Association of Texas and William A. Harriston, Austin Commissioner State Board of Insurance, witness the signing.

Miss Smith Reviews 'A Nation Of Sheep' For Delphian Club

Miss Ada Margaret Smith reviewed "A Nation of Sheep" by William Lederer for the Cameron Delphian Club at their meeting Thursday afternoon in the home of Mrs. E. A. Perrin.

A sequel to "The Ugly American," Miss Smith said the book had been written in response to more than 8,000 letters received by the author asking what the American public could do to change the picture of "The Ugly American."

Miss Mildred Thornton presided at the business meeting and year books were distributed. Mrs. Howard Baskin gave a report from the Texas Federation of Womens Clubs.

The hostess served a desert plate and punch following the program. The next meeting will be in the home of Mrs. A. W. McCullin.

Shumate To Speak

At First Methodist

The Rev. Jewel Strong, pastor of the First Methodist has announced that Roger Shumate, a divinity student at Perkins Theological seminary, Southwestern Methodist University, will present the Sunday morning sermon at First Methodist Church.

Shumate, the son of Mrs. C. C. Gill of Cameron, is a student pastor at Bedias and is serving his first year at Perkins Seminary. He is a graduate of Yoe High School and Sam Houston State, Huntsville.

OES Honors Mrs. Richards

Cameron Chapter No. 553 Order of the Eastern Star, honored Mrs. Johnnie Lee Richards, Deputy Grand Matron with a tea Saturday night, at the home of Mrs. Katherine Mondrick.

The party rooms were decorated in Eastern Star colors, in floral arrangements.

In the receiving line with the honoree were the Worthy Matron and Patron, Mrs. Myrtle Keith and Walter Lester.

Pleasure Profit Club Meets At CC Club

The Pleasure and Profit Club met Thursday at the Cameron Country Club Co - hostesses were Mrs. S. D. Ripley and Mrs. C. Tittsworth. Pie and coffee were served to 17 members, 3 guests, Mrs. S. T. Tittsworth, Mrs. C. Love, and Mrs. Milton Schiller and one new member, Mrs. Willis Looney.

The meeting was opened with the reading of the club collect. Mrs. Roy Hensley entertained the group with the story of "To Kill a Mockingbird," a book written by Harper Lee.

Miss Lois Randolph, president, ended the meeting with a closing thought.

B&PW Club Has Dinner At Texan

The Business and Professional Womens Club met at the Texan Cafe Monday.

A dinner was held in celebration of Business and Professional Women's Week.

The theme for the meeting was Dementions in Democracy. Mrs. Katy Robbins read an article to stress the theme.

Two guests, Mrs. Leona White and Mrs. Louis Hollas, were entertained by the club.

J. V. Eanes and Billie Joe Eanes and son visited relatives in Christman Tuesday.

American Folk Music Is 3 Arts Program

The Three Arts Club met Thursday at the home of Mrs. Frank Luecke with Mrs. Stewart Perkins as co - hostess. Mrs. Dana Monroe presided during the business meeting.

A program on American Folk Music was presented by Mrs. Joe Hickman with 5 music students from Milano.

Mrs. Dana Kestenbaum and Mrs. Charles Zeigler assisted the hostess at the refreshment table following the program. An arrange-

CAMERON, TEXAS, HERALD, October 5, 1961, Page 7

ment of mums and white tapers centered the table.

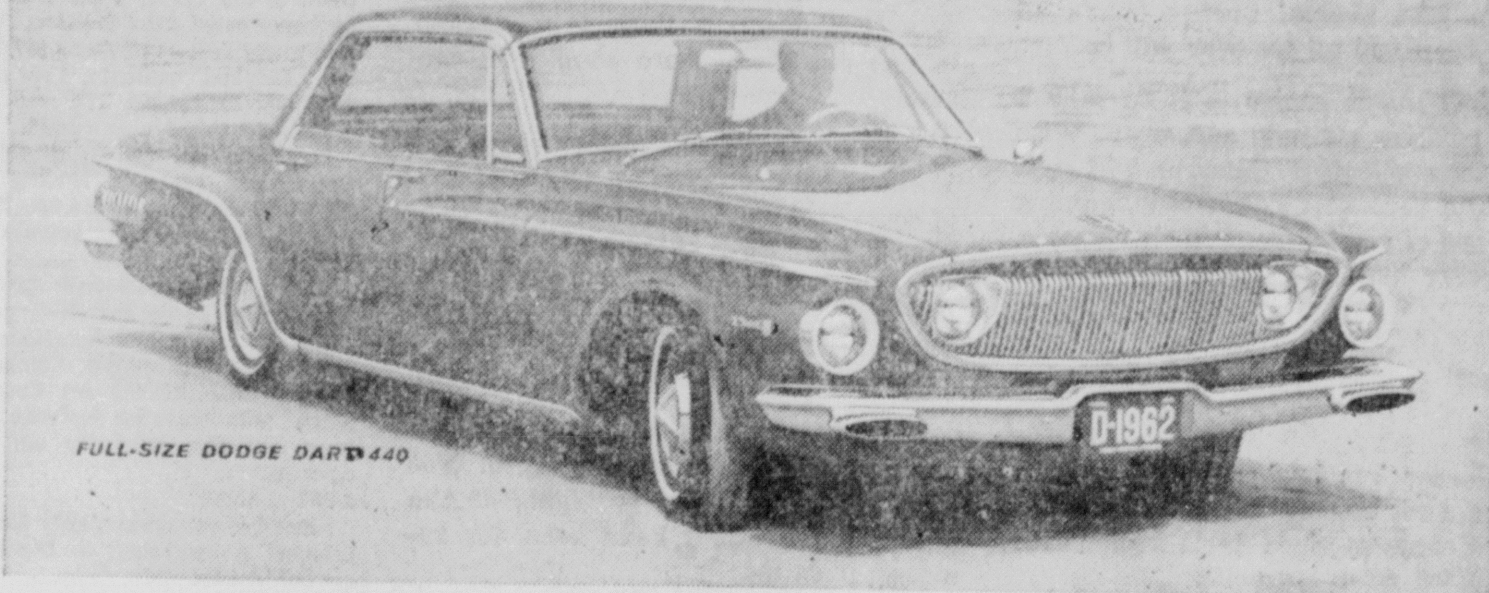

Mrs. Edward Schiller and Mrs. John Schigut will host the next meeting October 12.

Bryan Chandler of Waco spent Friday with his sister Mrs. John Lewis.

Two important firsts in the life of BILLY GEST

Last month two important events happened to a young Rockdale Alcoa. As Billy Gest and his wife, Marie, welcomed baby Melissa, they tingled with the first excitement of parenthood . . . and when Billy became the first employee of Aluminum Company of America's Rockdale Works to receive the plant's red and blue ten-year service award, he sensed the pride and satisfaction which come from a long and happy partnership with his employer.

The beginning of Billy's career dates back to September 20, 1951, when Alcoa announced the

name and location of an aluminum smelting plant it planned to erect in Central Texas. The very next day, young Billy Gest climbed the stairs to a temporary Alcoa employment office (above a Rockdale drug store) and landed a job as a combination clerk and all-around helper.

Since that time, both he and Alcoa have continued to benefit from their close association. Billy was able to come back to a good job in 1955 after two years in the Army. And when Melissa arrived, Alcoa's full hospitalization and surgical benefit program took care of all expenses.

On the other hand, Billy has given Alcoa ten years of loyal and productive service for his part of the annual \$6-million-plus which Alcoa pays to employees living in Central Texas and working in Rockdale.

Grid Success Shows Way...

We could borrow from the enthusiasm for Yoe High School grid teams in working harder for Cameron's growth and improvement.

Go to the gridiron sometimes and watch the tremendous ovation given the team as they come back down the field after scoring a touchdown.

By comparison, what kind of ovation does Cameron arouse when it does a good job such as caring for Hurricane Carla refugees, working toward a library, seeking better streets, looking for healthy growth?

How many automatically put the lid for Cameron's aspirations by saying: "We're just a small town, that's all we've been and all we ever will be."

How much easier it is to take a more positive attitude and say: "With constant application, Cameron will grow a certain percentage each year, gaining this type of employment for her people, improving her agriculture this way to

help Milam farmers improve their lot."

The tendency to give up is a natural, easy, unrewarding way to go. The tendency to take the easy way is natural like the root of a tree growing around an obstacle rather than through it.

The tendency to gain growth is often the hard way: it requires not only hardwork, but imagination, ability to follow as well as lead, constant, unrelenting drive, drive, drive. These are the qualities that make it possible for the people to overcome the natural, easy approach to their lives.

Cameron is always on the threshold, like its football team on the verge of a touchdown. If there is movement in one direction, there should be success.

That's what happens when the Yoemen muscle down on the goal line of some grid opponent. And so far, they have been mighty successful.

Nasser's Pot Is Boiling...

Nasser has broken relations with Jordan and Turkey in the continuing line of changes since Syria broke with the United Arab Republic.

The four-year-old dream of Gamel Nasser is collapsing to an end. The forger of the Suez crisis now faces a stern crisis of his own.

It would appear that the Middle East will be the next center of UN controversy, perhaps long before the Congo and Berlin questions are resolved.

In an age of mass communication, it is always one sudden problem after

another, somewhere in the world. Not many years ago, the problems of the Middle East would have been for removed from us.

Now, as they occur, they involve the rest of the world.

The Middle East, with strong man Nasser in its midst may well be an area hard put for settlement. The burning issues of Arab vs. Jew, West-leaning Turkey vs. Egypt, and others will make problems of other parts of the world less news worthy in the next few weeks.

Final Details On Water Project

By Vern Sanford

AUSTIN — Final legal details were bulldozed from the path of the biggest state water project in Texas history. Reason — to pave the way for ground-breaking ceremonies Thursday near the site of Toledo Bend Reservoir on the Sabine River.

State Board of Water Engineers, Texas Water Development Board and the Attorney General's office worked overtime in order to approve the project — from engineering, fiscal and legal standpoints.

Sabine River Authorities in both Texas and Louisiana are 50-50 partners in the Toledo Bend Dam to be constructed near Newton, Texas. It may cost as much as \$60,000,000. Original estimate, back in 1957, was \$54,000,000.

No federal aid was sought. Louisiana put up \$15,000,000 in tax money. Texas is lending the SRA of Texas \$15,000,000. Rest will be borrowed from private investors.

This giant hydroelectric project will provide power for utility companies in Texas and Louisiana to market. It will supply Calcasieu Parish, La., and Orange County, Texas, with water for domestic and municipal use, irrigation and industries.

LOST LAND?
Land Commissioner Jerry Sadler dropped a bombshell in the laps of the Austin City Council.

In checking records at the Land Office, where all Texas land titles originate, he found no evidence of a patent or sale of Lots 6 and 7 of Block 185 of the original City of Austin.

Sadler referred the matter to the Attorney General, noting that these two lots hold one of Austin's water plants. Capitol wags were quick to ask if Sadler was trying to cut the city's water off.

STATE DEFICIT GROWS
Texas is still waiting for the full impact of the new sales tax. Meanwhile, the deficit in the general revenue fund increases. Latest report shows a hike in the fund-shortage of \$20,500,000 in a period of 11 days.

With the mailing of first installment on this year's state

the school districts, the new total deficit is \$76,811,173 according to State Treasurer Jesse James.

First sales tax payments from retailers are due October 31.

STEPPED — UP CHECK ON UNEMPLOYMENT CLAIMS
Texas Employment Commission is hiring additional investigators to look into unemployment compensation claims to ascertain that only those entitled to it receive it.

Commissioner J. J. Pickle, Employers' representative on the three member commission, report that eight or nine new probers are being hired by authorization of U. S. Department of Labor to study claims.

New investigators will be assigned to the larger employment district offices throughout Texas. Commissioner J. E. Lyles, Employees' representative, said "too many people are receiving benefits from this program through misrepresentation, honest or otherwise."

DRIVER TRAINING - FEWER ACCIDENTS

Governor Daniel reports "major progress in reducing involvement in fatal accidents through the steady expansion of driver education classes in Texas public schools."

Driver education students are having 21 per cent fewer accidents.

Since 1957 a total of 265,028 students, in the 15 to 24 age bracket, have completed driver education or 43.2 per cent, over the preceding four-year period.

STATE JOB CLASSIFICATION LEGAL

Atty. Gen. Will Wilson has ruled that the new state job classification program is constitutional.

Question was submitted by State Comptroller Robert S. Calvert.

Opinion held that the graduated pay schedule for state employees is legal because the Legislature has authority to use this method of classifying workers.

New system provides for pay raises on the basis of seniority.

In The Service

MEDITERRANEAN (FHTNC) — Serving with the Sixth Fleet in the Mediterranean aboard the destroyer USS Ault is Charles W. Janke, radarman seaman, USN, son of Mr. and Mrs. Walter M. Janke Sr. of Rt. 1, Buckholts.

The Ault recently visited the French Riviera, anchoring in Theoule, France. Crewmembers had an opportunity to visit nearby resort cities of Nice, Cannes and Monte Carlo and to tour the French Alps.

The destroyer departed Theoule, Sept. 5, for at-sea training, including several North Atlantic Treaty Organization (NATO) exercises. Its next scheduled port of call is Athens, Greece.

Hurricane Causes Serious Damage To Wildlife On Coast

AUSTIN — Hurricane Carla definitely played havoc on the wildlife populations along the coast. "How much actual damage to this important natural resource will not be known until a much later date," reported T. D. Carroll, I & E Coordinator for the Texas Game and Fish Commission. "We do know that many of our smaller species, such as the rails and gallinules, took a tremendous beating."

A number of Game and Fish personnel have observed the damage. So far only a very generalized estimate can be made. Because of the high tides, much of the low areas was completely covered by damaging salt water. In fact, the water still covers some of the marsh areas which are chosen resting and breeding refuges for waterfowl. In Jefferson County, muskrat and nutria still are reported to be dying because of saltwater.

Reports from Port Lavaca - Palacios area tell of the lack of sightings of game birds, such as quail. Many areas which once were alive with wild creatures are still and silent. The ecology in some areas may be changed drastically. Vegetation in some places has been destroyed and habitat ravaged. However, some of these heavily damaged sections have taken beatings before, and recovered.

"It will take months before biologists can determine Carla's toll on wildlife and its habitat," said Carroll. "Right now, we can only say that our wild creatures did suffer, and they may need help to recover."

THE WANT ADS ARE JUST MY CUP OF TEA!

The Cameron Herald

Education, Bonds Natural Partners For Real Safety

WASHINGTON, D. C. — Education and U. S. Savings Bonds are natural partners, in the view of the Treasury Department.

In a public service newspaper ad released today as part of the Bond program's 20th anniversary observance, October was designated as "Education Month" in recognition of the support of school officials in promoting the sale of Savings Stamps and Bonds as classroom training in thrift and citizenship.

The message included a statement from Ewald Turner, president of the National Education Association, pointing out that weekly "Stamp Days" in school — carried on with the volunteer help of PTA's and women's organizations — offer students something they can do for their country and themselves.

"The program aids two sound causes," Mr. Turner said, "greater personal opportunity in the future and greater national security now. The School Savings Program is rich in educational benefits I hope it will continue to flourish."

The Treasury's "Education Month" message also stressed the part bond-buying has had in financing higher education for young people, stating: "Many of today's graduates owe their higher learning, and its priceless benefits, to the foresight of their parents who signed up for Savings Bonds on payroll savings or the bond-a-month plan."

The program aids two sound causes, Mr. Turner said, "greater personal opportunity in the future and greater national security now. The School Savings Program is rich in educational benefits I hope it will continue to flourish."

PTA To Hold Meeting Thurs.

The Cameron Parents - Teachers Association will hold its regular monthly meeting Thursday, at 7:30 p. m. in the Ben Milam cafeteria.

The program for this meeting will be "Effective Learning for the Home." Mrs. Make McDermott will be in charge of a panel discussion with Mrs. Martha Kahler as moderator. The purpose of this program is to illustrate that the home team can contribute to school education by developing and encouraging effective learning habits in the home.

Child Care Service will be available in the Ben Milam building. Each child is asked to bring a toy or crayons and color book. All interested persons are invited to attend this meeting.

FARM CONSTRUCTION

If you are planning any new construction on your farm, you'll likely profit from a conference with your county agent. He can tell you about the farm building plan service available from Texas A & M, and he can show you what plans are available. Proper planning and construction can make your proposed building much more useful and efficient.

LITTLE RIVER PHILOSOPHER

Philosopher Will Renew His Subscription If It's Not Contary To World Opinion

Dear editor:

Every once in a while you hear a world leader — although I'd like to say before I go any further that I don't know what a world leader is, the direction the world's going these days, I don't know of anybody who'd like to be accused of leading it — at any rate, you hear one of them say action of this or that nature will be condemned by world opinion, or endorsed by world opinion.

I don't know what they're talking about.

You take Russia. When Russia started testing nuclear bombs again lots of prominent people said, World opinion will condemn her for it.

Well, she's been testing them right and left for the past few weeks and whatever the world's opinion of her is, it hasn't put a stop to the tests. It's my opinion that it's not world opinion but Khrushchev's opinion and his staff's opinion that decide how many tests are going to be made.

Understand, I'm not in favor of Russia's testing these bombs, as far as I can tell they work too satisfactorily already, the world now has enough bombs on hand to supply the equivalent of ten tons of TNT for each man, woman and child on earth, which as far as I'm concerned is plenty for me, somebody sure has overrated me, I ain't that indestructible but so far in the history of man world opinion has been one of the most ineffective weapons imaginable against a dictator bent on holding on to his job.

It's a shame, too. Nothing would

suit me more than to decline to get my tractor and start work on account of it might be contrary to world opinion. I can see real advantage in going into the bank and announcing I'd better not pay off my note on account of world opinion already claims America is too rich and I don't want to add any fuel to that flame.

World opinion some day may be effective weapon, but right now there are too many countries where you can get into office without being elected.

When my subscription to The Cameron Herald comes due, send me a bill and I'll check with world opinion to see if I ought to pay it.

Yours faithfully,
J. A.

Set the temperature you want and it stays there... makes all your pots and pans automatic! But this is just one of the 101 wonders in the new gas ranges. See the new designs, kitchen-freshening colors, and time-saving automatic features. Do yourself and your family a favor — buy a new gas range now!

CASH IN ON THE GAS RANGE-O-RAMA AT GAS APPLIANCE DEALERS AND LONE STAR GAS COMPANY

Poisoning Kills 1200 Americans

Accidental home poisonings will have killed 1,200 Americans between January 1 and December 31, 1961 is a typical year, according to C. M. Burke, Lone Star Gas Company Manager.

Lone Star Gas Company and The Cameron Herald are co-sponsors of the 1961 Home Safety Program in Cameron.

Unless the American public observes essential safety rules, the greatest toll will be taken in the 4- and 45-64 age groups. Three hundred and fifty lives will be snuffed out in each of these groups.

In the 5-14 age group 40 will die; 15-24 age group, 60; 24-44 age group, 100; and in the 65 and over age group, 100.

To eliminate this needless loss of life, disinfectants, cleaning fluids, insecticides and other poisonous compounds should be kept in a special cabinet away from food containers.

Poisons stored in the medicine cabinet should be clearly marked, the antidote written on the label, and a pin inserted into the cork or an adhesive placed around the stopper as an additional precaution.

Keep drugs, poisons and other chemicals out of the reach of children.

Do not eat or serve foods which

Jones Prairie Mrs. Fontaine To Spend Winter In Virginia

Mrs. W. J. Fontaine left Thursday for Houston enroute to Alexandria, Va. for the winter. She will visit her niece, Mrs. C. J. DeLacy and family in Houston until Sunday when she will take a plane to visit her daughter and son-in-law, Mr. and Mrs. W. R. Little. Rodeo Features Double Meaning In Huntsville

HUNTSVILLE — To the more than 12,000 inmates of the Texas Department of Corrections the annual Texas Prison Rodeo has a double meaning.

First of all, it gives them an opportunity to witness a top entertainment feature; secondly, it makes it possible for them to receive rehabilitative benefits not furnished by the Texas Legislature.

The Annual Prison Rodeo, held here each Sunday in October in the prison's \$1 million stadium, highlights top convict riders, plus the nation's foremost television and recording stars.

On Sunday, Oct. 8, the personality to be featured will be Rex Allen, international star of movies, TV and radio, along with his equally famous horse, Koko.

Other highlights will include calf roping, a girl's barrel race, trick riding and a top - flight mounted quadrille.

There will also be several inmate entertainment groups featured, along with the Glee Girls from the Women's Unit of the prison. The show begins at 2 p. m. and lasts two hours.

On succeeding Sundays, artists making personal appearances will be Ernest Tubb, veteran folk singer, on October 15; U. S. Bonds plus Billy the Kid on October 22. Chuck Connors of "The Rifleman" TV series will perform on October 29.

Cameron Club To Sponsor Little Horse Show, Oct. 8

"The Little Horse Show" to be sponsored by the Cameron Saddle Club will be held Sunday, Oct. 8.

The horse event, beginning at 1:30 p. m., will be held at Wilson Ledbetter Park. Judge will be H. S. Miller of Eddy.

Classes to be held will be Shetland at Halter; Horses any size at halter (17 years and under; Six years and under; Shetland pony (46 inches and under; seven thru 12 years; Teen age (13 thru 17 years and up; Three - gaited; No-vice (13 thru 17 years; Men's Pleasure Class (18 and over; No-vice class (12 years and under Children's Barrel Race 12 years and under and Teen - age barrel race (13 thru 17 years.

A trophy buckle and ribbons will be given to winners in each event. In case the show is rained out, it will be held Oct. 22.

INTRODUCING

Mr. and Mrs. Eugene Jekel of Orchard are the proud parents of a baby boy born Sept. 16. He weighed 8 lbs and 14 ounces. He was named Jeffrey Adam. He was welcomed into their home by one sister Patricia Ann and one brother Michael David. Grandparents are Mr. and Mrs. Ed Jekel of Cameron and grandmother Mrs. Angeline Balusek of Elmaton.

"I'll bet your Want Ad and that broken arm keeps you busy!"

Buckholts Californians In Lehmann Home

By Mrs. J. W. Meyer

Mr. and Mrs. R. P. Lehmann's guests have been their son and daughter - in - law, Mr. and Mrs. Robert Lehmann of Pomona, California.

Weekend guests of Mr. and Mrs. J. W. Meyer included their son John R. Meyer of Dallas, his brother and sister - in - law, Mr. and Mrs. Otto Meyer of Cameron. Mr. Meyer's daughter, Mrs. Ben H. Landry of New Orleans, La., is expected to arrive Monday for a visit.

Weekend visitors here have been Mr. and Mrs. Fred Tomasek of Houston who were guests of his brother and family Mr. and Mrs. Julius Tomasek and other relatives and friends.

Miss Lettie Hailes of San Antonio was a weekend guest of her sister, Miss Nora Hailes.

Mr. and Mrs. Vince Lesikar of Cameron visited Sunday with Mr. and Mrs. John Meyer and Mrs. Millie Krall.

Mr. and Mrs. Edwin Fischer's guests Sunday included their daughter and family, Mr. and Mrs. Joe Dan Zajack and David of Thorndale; her sisters, Mrs. Hubert Reese of Killeen and Mrs. Elsie Wagenfuhr of Yarrington and Stanley Glaser, student at A & M college.

lington Mrs. Wright In Houston Hospital After Attack

By Mrs. George Logan

Relatives here and at Cameron have received word from Houston that Mrs. W. W. Wright had suffered a heart attack Wednesday and is in the Herman Hospital for a few days. She is the daughter of Mr. and Mrs. J. J. Foshea of Cameron. Her brothers and sister at Burlington are Gerald Foshea and Mrs. Terrel Prescott.

The teachers of the public school here attended an English work shop in Cameron Monday night.

Mrs. H. D. Maxwell, School Supt. was a visitor in the public school here Thursday. Mrs. Joe Hickman music teacher and Mrs. J. D. Lewis, Supt. and Mrs. Jessie Banks-ton, were visitors at the school here this week also.

Mr. and Mrs. Ray Schonhoef were at Lake Belton on business this week.

Mr. and Mrs. Felix Neinst of Burlington attended the funeral of his sister Mrs. O. E. Miller at Cego Wednesday at St. Paul's United Church of Christ. Burial was in Cego Cemetery. She died in a Freeport Hospital Monday.

Mr. and Mrs. Bill Marek of Dallas spent last weekend here with his brother and other relatives.

Mr. and Mrs. Fritz Wied have been to Marlin on regular trips for several days where he had medical treatment.

Mr. and Mrs. Phil Krause and daughter Miss Judy spent last weekend in Dallas with Mr. and Mrs. Philip Ermis and family.

Catechism Classes are beginning again at the Parochial school building in Burlington with good attendance. The teachers are Rev. Ben Goertz and Mrs. Phil Krause Time for classes to begin is on Friday 3:45.

Mr. and Mrs. Homer Sample of Ft. Worth visited Mr. and Mrs. Terrel Prescott for a while last Saturday.

Mr. and Mrs. Thomas Stoeber and family of Irving were visitors here last weekend in the home of his parents Mr. and Mrs. Will Stoeber. Miss Willie Mae Stoeber of Temple spent last weekend here with relatives.

Vicky Lane Kuhn of Ben Arnold spent last weekend here in the home of Mr. and Mrs. Lee Gerngross and family.

Mrs. Bernice Longmire of Minerva and Mrs. Malcolm Timmons of Gause were in the home of Mrs. Sallie Davis last Saturday on route to Marlin where Mrs. Longmire received medical treatment.

Mr. and Mrs. James Kiesewetter and three children of Houston were guests of relatives here last Saturday.

Mrs. Kiesewetter was formerly Miss Agnes Kleypas of Burlington. Mr. and Mrs. Fritz Stoeber

Sharp Community 4-H Club Organized

A community 4-H club was organized in the Sharp community on Sept. 27.

The work at a community club was shown on films by Pat C. Garner, assistant county agent and Mrs. Frances H. Johnson home demonstration agent.

Officers elected for the coming year were:

Henry Abel Jr, president; Reed Davis, vice president; Bobby Hosh, secretary - treasurer; Susan Abel, reporter; Carey Wayne Ofield, council delegate; Dwight Prassel, recreational leader.

Mrs. Boyd Ofield and Mrs. Henry Abel, organization leaders.

The next meeting will be held at the Sharp School building at 7 p. m. Oct. 24. All interested students and parents are urged to attend this meeting.

PERSONALS --

Dr. and Mrs. W. H. Kolter, Jr. of Houston visited her parents, Mr. and Mrs. H. B. McClellen Wednesday of last week.

H. P. McClellen attended a statewide service officer's meeting at Houston Monday. Tuesday and Wednesday of last week.

were in Temple Thursday where they visited Mr. and Mrs. Oscar Trojan and Mr. and Mrs. Marvin Trojan.

Rev. Bob Pepper of Ft. Worth Seminary preached here at the First Baptist Sunday and Sunday night. He was accompanied to Burlington by Mrs. Pepper and their four sons. They were dinner guests of Mr. and Mrs. Pete Benesh.

An Open Letter To The Hard Of Hearing

Dear Friend:

Have you ever taken time out to think what would happen to us if our Doctors had only one or two types of machines for our aches and pains, or how many of us would be unable to see if one of our Optometrists had only one or two types of lenses for our glasses. Of course you know this is not true.

Through research we have thousands of medicines that can be blended together to cure and protect our health. Our Optometrists, after testing your eyes can send you prescription to the laboratory and have them ground to give you normal sight. In other words, they are fitted to your eye loss.

Most of us never take time out to think of how many thousands of dollars have gone into research that we may have had the wonder-ful medicines we now have today didn't know any better," BUT are hard of hearing and buy an over the counter hearing aid that we only can pick from one or two types, or if we get one out of the hearing - aid salesman's bag, we are still only getting one or two types. It's the same one Grandma has down the road, although your hearing loss and hers may be altogether different. (In the hearing curves) Now, if you and Grandma have the same type hearing aid (hearing curve), but you have different types of hearing loss, it stands to reason that one of you are misfitted.

We have tried to bring you up to date on how many thousands of dollars have been spent to come up with something to fit the 7 million hard of hearing people. As we have told you, we now have over 50 types (hearing curves) that we can fit the hard of hearing with. By running a test on you we can find your hearing loss and our LAB. can build a hearing unit to fit your hearing loss, and in most cases for less money than you would pay for a plain hearing aid. Another good thing about it is your hearing can be built in the new beautiful slim glasses, or the small behind the ear unit that weighs less than 1-3 ounce, or the all in the ear unit, or the new small body type for the very, very hard of hearing. You can purchase them on easy credit terms. You can have a 5 year guarantee (mechanical parts of the units), and you have a life time free service from your Audiologist.

I just wish that everyone that is wearing a hearing - aid, regardless of make, would come in or let me come to their home and run a test on them; and then put the METRICON on them and show or should I say, let them hear what a blessing the new hearing is. (The test is free, and you are not obligated in any way). I also wish that everyone that is hard of hearing and does not wear a hearing aid would come in, or let me come to their home and give them the same test and let them see how they could be helped.

Have you ever wondered why someone you know that is hard of hearing won't have anything done about it? I'll tell you why. In most cases they are so afraid that someone will stare at them, or feel sorry for them. Of course this is not so. People have learned to accept things we wear. In fact, in a poll taken by a Hearing Co. nearly everyone said they had ten times rather see someone wearing a hearing - aid than have to shout at them.

How many of us remember just a few years back if we wore glasses we were called "Four Eyes" and had fun poked at us? But not any more. No one pays any at-

Yet, several years ago it was hard to get people to wear glasses, and lots of them just wouldn't do it, but today most of them wish they had for they are blind or near blind.

We have gone through the same thing in the hearing business. We have people that know in their heart they should have something done with their hearing, yet they could just make them understand that the more they put it off, the worse they get. The worst part of it is that they wait until they have lost all their friends, strained a nervous wreck, damaged their hearing nerve, lose their understanding of words and then come to us and expect us to give them perfect normal hearing over night, or run down to the corner store, or let a hearing - aid salesman sell them just a hearing - aid that may not be anywhere near their hearing loss and then kick up a storm and run everybody down that is in the hearing business when all the time they have no one to blame but themselves. They might say, "I didn't know any better," BUT THEY DO NOW!!! Your optometrist can do nothing about the sight you have lost, he has to work with the sight you have left. We are the same in the hearing field, we can do nothing with the hearing you have lost. We must find out how much hearing you have left, and in what tone range you have the greatest loss then build a unit to fit the hearing you have left. If you lose a leg, the doctor can do nothing to the part you have lost, but he can build you an artificial limb to fit the part you have lost. Most people think that only the elderly people have hearing trouble. This is not true. . . . Our schools have an alarming number of children with hearing problems. We just go along thinking our boy or girl is a slow learning child when the full meaning of words. There are any number of children with speech defects caused by not hearing all the sounds. They pronounce the words just like they hear them. A hearing test would show if bad hearing was the cause. It costs nothing for the test, why not bring them in for a test. If you can't bring them in, I will be most happy to come to the home or school and give them a test.

I hope I have helped you understand more about your hearing. If you have any questions about your hearing, I will be happy to answer them for you. I hold clinics three days per week in or near your town. You will find listed below when I will be in your town. Please feel free to come in and talk to me or have a hearing test made. If you have a hearing - aid and it is not working right and you feel you can not afford to invest any more money in hearing, bring your aid in and I will clean and adjust it. I am sure you will find it will work better. I also have with me at each clinic fresh batteries, cords, tubes and parts for all makes of hearing - aids. I also have the new attachment for those that can't hear their Radio or Television. It's very inexpensive, has its own volume control and fits in your present mold or on the ear. It is easy to install, or I will install it for you.

I am at the Waco office Mondays, Fridays and Saturday morning. If you are coming to the Waco office, please write or call for an appointment. We have two offices to serve you and with an appointment you will not have a long wait. We have a service car that will pick you up and return you home at no charge, or we will come to your home.

I will be at the Cameron Hotel in Cameron Tuesday Oct. 10th from 10 a. m. to 1 p. m.

C. J. Treadway (Audiologist) Hearing Center, P. O. Box 1223, Waco, Texas, PL 3-4339

FAMILY FALLOUT SHELTER — WHERE BASEMENTS ARE NOT AVAILABLE

For Family Protection in Nuclear War

PRE-SHAPED corrugated metal sections or pre-cast concrete can be used for shelters either above or below ground. They form effective fallout shelters when mounded over with earth as shown here. Materials would cost about \$700. A contractor probably would be required to help build it. "The Family Fallout Shelter," published by the Office of Civil and Defense Mobilization, contains building plans for five basic fallout shelters. Copies may be obtained by writing: Box Home Shelter, Battle Creek, Mich.

CARD OF THANKS

We take this means of thanking all of our kind friends, neighbors and those who so kindly provided food, for their many acts of kindness expressions of sympathy and condolence and for their beautiful floral offerings at the loss of our beloved wife and mother, Mrs. Jim Matthews.

May God Bless each of you.

The Jim Matthews Family

Life Insurance Payments For Guardsmen May Be Guaranteed

Premium payments and interest on commercial life insurance policies of Reservists and National Guardsmen who are ordered to active duty may be guaranteed by the Veterans Administration under provisions of the Soldiers and Sailors Civil Relief Act, P. J. Mims manager of the VA regional office in Waco announced.

This protection, Mims said, covers the policyholder's period of active service and two years afterward. It applies only to life policies that do not impose special premium rates for military duties or clauses limiting benefits because of service. The total amount that VA can guarantee must not exceed \$10,000 in each case.

He reminded veterans, however, that the protection is in reality a loan against the policy and that the premiums and interest thus guaranteed must eventually be repaid by the veterans.

The policy also must have been in effect for at least 180 days before the owner entered active service and must be in force on a premium basis at the time of application for protection. U. S. Government and National Service life insurance policies are not eligible under the act.

Mims said the policyholder must apply for protection on VA Form 9-380 to the insurance company and VA.

Once a policy is protected, it will not lapse or terminate for non-payment of premiums, indebtedness or interest while the policyholder is on active duty and for two years after his discharge, unless the owner requests withdrawal of the protective provisions.

If the policyholder does not pay the premiums and interest to the commercial company during this protective period, the amount due will be treated by VA as a policy loan.

Friday, Oct. 6

YOE FIELD
8:00 P.M.

The Fighting Yoemen kept up their pace last Friday by downing the Georgetown Eagles 21-6.

Taylor, the Yoemen's next opponents were defeated by a spirited Rockdale team 3-0 on a field goal in the final quarter of the game. Cameron and Taylor have always been grid rivals and they will be trying to get back in the win column this week.

This game is the third home game of the season and will give you a chance to see the much improved Yoemen in their last non-district game of the season.

See you on Yoe Field at 8 p. m. Friday!
